Wintrol® B

1H-Benzotriazole

Principal Uses

Wintrol® B is a corrosion inhibitor of high purity, most commonly used for yellow metal protection. Wintrol® B is most commonly used in water treatment, engine coolants, aircraft and runway deicers, metal working fluids, lubricants, compressor fluids, vinyl flooring, printed circuit boards, photographic emulsions, inks and cleaners and direct treatment of copper.

Note: technical assistance is often required to successfully formulate with Wintrol® B.
