Wintrol® T 50Na

Sodium Tolyltriazole in water 50%

Principal Uses

Wintrol® T 50Na is 50% sodium tolyltriazole in water. It is a product of very high purity for color and odor sensitive applications. This solution is a corrosion inhibitor used for yellow metal protection. **Wintrol® T 50Na** is most commonly used in liquid products with an alkaline pH. Industrial uses include: cooling tower products, engine coolants; metal working fluids, inks and cleaners.

Wintrol® T 50Na is the cleanest product found anywhere in the industry.

Specifications
